

**4th Purple Mountain Forum
on Smart Grid Protection and Control (PMF-SGPC 2019)**

Call for Papers

**4th Purple Mountain Forum on Smart Grid Protection and
Control (PMF-SGPC 2019)**

August 17-18, 2019, Nanjing, China

The 4th **Purple Mountain Forum** on Smart Grid Protection and Control (PMF-SGPC 2019) will be held on August 17-18, 2019 in Nanjing, China. The aim of the conference is to provide an international forum for experts to promote technical exchanges and share of expertise in the field of smart grid operation, protection and control. This conference is sponsored by State Grid Electric Power Research Institute (also called NARI Group Corporation) and the State Key Laboratory of Smart Grid Protection and Control, which will include keynotes and invited speeches, plenary sessions, round table discussions, and oral presentations/poster sessions for accepted papers.

Papers are invited on different topics including but not limited to:

1. Operation, Protection and Control of Power Systems with High Penetration of Renewable Energy
2. AC & DC Flexible Transmission and Distribution Technology
3. Analysis, Operation, Protection and Control of AC / DC Hybrid Power Systems
4. Safety Operation of Active Distribution Network and Coordinated Control of Transmission and Distribution Networks
5. Planning, Operation and Control of Integrated Energy Systems
6. Cyber Security Technology of Power Systems and Cyber Physical Fusion Technology (Cyber Physical Power System)
7. New Technologies for Substation Automation
8. Key Technologies in the Power Spot Market
9. Application of Energy Storage Technology in Power System Operation and Control
10. Ubiquitous Power Internet of Things Technology
11. Application of New Technologies such as Big Data, Cloud Computing, IoT, Mobile Internet and AI in Smart Grid
12. Intelligent Monitoring, Measurement and Maintenance Technology
13. Smart Grid Technology Standard System and Related Research

All papers will be peer-reviewed, and the accepted paper will be presented at the conference orally or by poster.

All accepted papers will be published by a book (Lecture Notes in Electrical Engineering, Springer) and indexed by EI Compendex.

Important dates:

- Conference website opening time: January 30th, 2019

4th Purple Mountain Forum on Smart Grid Protection and Control (PMF-SGPC 2019)

- Paper Submission Deadline: April 15th,2019
- Paper Acceptance Notification: July 15th, 2019
- Conference Registration Deadline: July 30th, 2019

Conference Paper Submission Requirements

(1) Focused, reasonable structured, concise and comprehensive, maximum to 6000 words. Please submit the paper in Microsoft Word file, and strictly format the paper according the requirements of *Template of PMF-SGPC2019*. The template can be downloaded in the following website.

(2) The submitted papers should not be published in other conferences, journals or public media.

(3) Papers must be in English and submitted through the on-line submission site- (<http://meeting.aeps.cc/en/IFSGPC2019>).

(4) Before submission, please click *Register Button* for registration.

(5) After registration is complete, log into the system and enter the Customer Center for submission.
